

Sashed Kaleidoscope

Block Pattern

The Quiltmaker's Workshop, Sashed Kaleidoscope, in the September *Quilter's Newsletter Magazine* (No. 365) shows a quilt with an 8" block. Here are the full-size patterns for the block. For each block, cut 8 A (4 each from 2 different fabrics) and 4 B. Join patches as described in the Workshop to make a block.

See the September 2004 issue of *QNM* for complete directions for making a Sashed Kaleidoscope quilt. If that issue is no longer available at your local quilt shop, visit our online store at www.VillageQuiltShoppe.com to check back issue availability.

8" Kaleidoscope Block
