

Blue Indigo

Quilting Motif

The quilting placement diagram shown here will help you mark the Floral Ribbons Quilting Motif on the C, D, and E patches in *Blue Indigo* as well as the border. A single flower can be used in the B patches, if desired. The quilting design is by QNM's Mary Leman Austin.

To make a full-size quilting template, fold a 9" square of paper diagonally into quarters. Align the dotted lines of the pattern given here with the fold lines, and trace the design in each quarter to create the complete motif.
