

Friendship Quilt Phrases

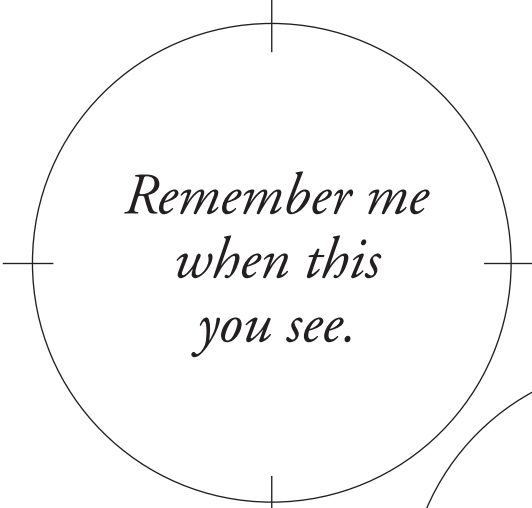

Cocheco Friendship, PART 2

We're appliqueing the strips, blocks, and borders in the second part of the *Cocheco Friendship* series pattern. Gladi Porsche's quilt has messages from friends inked in the centers of the wreath blocks. If you wish, print out our friendly phrases. Before appliqueing the wreath blocks, center the block fabric over one of the sayings, and place it on a light source. Align the registration marks with the fold lines on your fabric. Using a permanent-ink pen, trace the letters onto the fabric.

you and loves
you anyway.*

you see.*

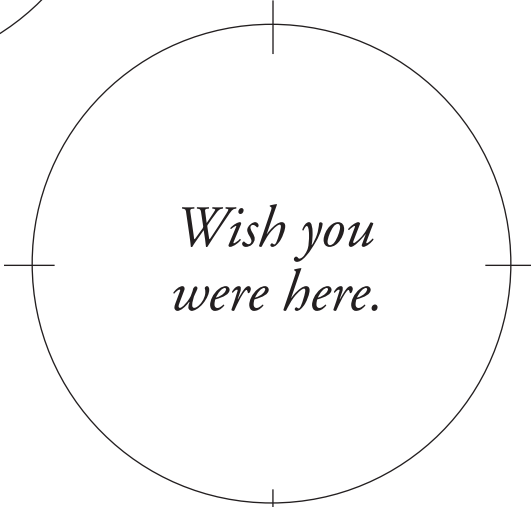

*Precious and
few, loyal and
true*

*A friend is
there when
everyone else
walks away.*

were flowers,
I'd pick you.*
