

Piccalilli

The pattern for Char Hopeman's quilt Piccalilli, which she made to showcase the vibrant fabrics from the Katmandu line, designed by Mark Lipinski of The Quilts of Pickle Road for Troy Riverwoods Collection, is in the April 2008 issue of QN. Foundation piecers can download and print 48 arc patterns to make the quilt. Substitute the arcs for the B, C, D, and Dr patches listed in the materials and cutting box in the pattern instructions. Additional fabric may be required for foundation piecing.
